0 - 3 Program Seeks "Family Advisors"

The Family Service Center's 0 - 3 Program is looking for Deaf and Hearing people to begin working with families of Deaf infants - teaching ASL, answering the family's questions, etc. Three families are currently in need of services.

Advisors are needed from throughout Indiana. For more information on becoming a "Family Advisor" please contact Diane Hazel or Glenda Zmijewski at 924-8416, ext. 195 by December 4th. Training workshops will begin in January.

Blood Drive

There is still time to sign up for the Central Indiana Regional Boll Center's Blood Drive, visiting the ISD campus Monday, November 30th, 2 - 4 pm. For more information contact Blood Drive Chair Janet Stailey.

CB Soapbox

The CB salutes Mr. Jim Steffey and the entire management of Busse Broadcasting of Kalamazoo Michigan, who recently donated professional video cameras valued at $5,000 to ISD. In a letter to Steffey, Governor Evan Bayh expressed "Hoosier" gratitude for Busse Broadcasting's generosity.

VIC Tour Guides Needed

ISD's Visitor and Information Center is seeking Deaf staff members to become tour guides for visiting groups. Contact VIC Director Kathy Smith, Alumni Hall Room 133, (317) 924-8418. Superintendent Laird will help in screening applicants.

Upcoming VIC Tours

30th 10:15-11:15 am Kent Vickey, IPS Teacher with 6th grade students
1st, 9-11 am Purdue Students

BIBI Thought for the Week:

"Researcher Helen Neville at Salk Institute stated that children must learn a language - any language - during their first five years or so, before the brain's neural connections are locked in place, or risk permanent linguistic impairment."

Smithsonian - July 1992, p. 36

The ISD Campus Bulletin is published weekly throughout the school year.

Middle School Student Council Collects for Needy

Middle School Students are collecting clothing and canned food for the needy at Christmas. Donations may be brought to Alumni Hall Room 143.

Deaf Concerns Council Contacts

Deaf Concerns Council contact persons are listed in a handout available from the Council. It is the Council's hope that all Deaf employees will be aware of their contact person. For more information please contact DCC representatives or department heads.

The Bicultural Center (TBC) Returns

MJ Bienvenu and Betty Colonomos from TBC will be on campus the weekend of December 4th to work with David Geeslin, Ann Reifel, Brian Brizendine, and others yet to be identified to assist in planning the upcoming ASL assessment, staff development in connection with the assessment, ASL curriculum development, and LPI training. The BiBi Committee will also meet with them sometime during the weekend.

Auditions Announced

An exciting idea discussed last year has caught the attention WISH TV Channel 8. *Deaf Cast*, the news broadcast in ASL, will begin rehearsals in early December. Plans call for a seven person cast for the pilot, to be produced in January. Contact David Reynolds for further information.

Preschool/Elementary Parents' Meeting

The next monthly Preschool/Elementary parents' meeting will be Sunday November 22nd, 4 - 6 pm in the Multi-Purpose Room. Three speakers are scheduled: Cindy Lawrence - Family Service Center, Kathy Smith - Visitor and Information Center, and Pat Cassidy - Fairbanks Training Institute. Participants are encouraged to bring snacks for sharing during the social time after the meeting. Small charge for babysitting services.

Project Safeguard Poster Contest

Seventh graders recently participated in Project Safeplace, a city-wide poster contest. Nikki McCormick and Sara Reis each won $25 in the preliminary competition, and will represent ISD in the finals to be held at Union Station on November 20th. ISD congratulates them and wishes them the best of luck.

Book Sale

The Mask of Benevolence: Disabling the Deaf Community, by Harlan Lane is being offered for sale as a fund raiser. Proceeds will help underwrite Lane's visit to Indianapolis in January. The book is available at the Superintendent's Office - Alumni Hall Room 129, VIC - Alumni Hall Room 133, David Geeslin's Office - Alumni Hall Room 211, Laurene Gallimore's Office, Elementary Department Room 516, and the 0 - 3 Program Office, Room 220. Cost of the book is $23 (list price.) Checks should be made payable to IAD.

Employment Center Notes

Each week the Student Employment Center will highlight a Student Employee. Readers are strongly encouraged to frequent businesses which hire ISD students!

Thanks to the many people who make this program possible. Their support and commitment are appreciated.

Go Orioles!

Employment Center Program Better Than Ever

Once again the Student Employment Center is off and running with many students placed in area businesses. The Center provides part-time jobs for students at the Indiana School for the Deaf. These part-time jobs provide an opportunity for students to develop pre-employment skills such as organizing job hunt, completing applications, interviewing techniques, goal-setting, time management, and on-the-job training.

Since its inception in 1987, the Student Employment Center has served more than five-hundred students. Job coaches assist the students with job search, communication facilitation, and on-the-job training, and are responsible for transporting the students to and from their work site. Employers are encouraged to call the Center when new work is implemented and additional training is needed. If a conflict or problem needs to be resolved the job coach is available to facilitate negotiation and communication.

All the students in the Cooperative Education program have jobs and have been working for several weeks. The after-school work program is underway with students working in part-time evening positions. Many ISD students are working in businesses that have hired our students in the past. Consequently, employers or coworkers may know some sign language. As these businesses continue to hire ISD students the experience becomes even more positive due to increased Deaf awareness and improved communication skills of the employer and coworkers. The Center looks forward to another exciting year with ISD's students and their employers.

Student Employee of the Week

Ethen Grubbs is working at National City Bank (formerly Merchant's Bank) in downtown Indianapolis. Ethen has expressed a strong interest in accounting as a career and is thrilled to be working at the bank. He works in the Remittance Processing Department at the bank and is responsible for verifying payments to varying companies. He compares payment amounts on the check and on the documents, checks for change of address, and checks to see that other information is present. There are about twenty-five different companies that Ethen will become familiar with; each has a unique set of guidelines concerning acceptable and unacceptable transactions. Ethen is gaining experience using a ten-key calculator which will help him with his interest in accounting. The department has an incentive program in place to encourage the employees to work fast and without errors. The larger the amount of mail opened and verified, the more money that can be earned. Ethen is working hard to improve quantity while maintaining good quality.

Ethen's first evaluation from his supervisor noted some of Ethen's strengths, included the following: diligent work, eager to learn, grasps procedures easily, and excellent appearance. This is the second year that a student has worked at this bank. ISD appreciates their continued efforts to give valuable education and experience to ISD students.

Health Facts - *From the Files of Cheri Coffey, R.N.*

I've Caught Another Cold!!

Suppose that it is February and I have another cold. In fact, this is the fifth cold that I have had so far this winter. Why me? What am I doing wrong? There must be something that I can do to build up my resistance! But except for becoming a hermit, there is no sure way to avoid minor viral illnesses.

What do bad habits, poor nutrition and stress have to do with illnesses? Well, we do have some responsibility for our health but that alone will not secure a illness-free life.

Many diseases are beyond our control including those influenced by heredity, aging and many poorly understood environmental toxins. High cholesterol increases your risk of a heart attack but so does being male, being older than fifty and having parents who had heart attacks.

The most effective preventives are the simplest: Avoid smoking and excess alcohol, wear seat belts, get regular blood pressure checks and Pap smears. The most popular preventives are nutrition, exercise and stress reduction. Although these are great goals, they are not fool-proof.

There is no perfect diet that will eliminate all disease, but almost everyone's diet can stand improvement. Reducing your intakes of salt, sugars and animal fat are generally considered a good thing to do.

Exercise is good for you, but does it really prevent disease?

Maybe. Studies show a lower rate of heart disease in those who exercise, but there is no proof. What is known is that exercise strengthens muscle and bone, makes you sleep better and relieves constipation. It is still not certain which stresses are really unhealthy. Individuals vary greatly on how they handle stress. Despite what many people think, overwork does not provoke viral illness but stress may have some relation to heart disease.

You can reduce your risk of disease-but never to zero. A non-smoker reduces her chance of emphysema by 99% and of lung cancer by 85% but her heart attack risk drops by only 50%. Everyone does something right. If you don't smoke, you're already ahead of the game. If you always wear a seat belt, that does more for longevity than any other single tactic. You should feel good about this.
